#### CWT GLOBELINK: SECURED TRADE PARTNERSHIP CERTIFIED

CWT Globelink Pte Ltd Singapore proudly announces that we have been awarded the Secured Trade Partnership (STP) Intermediate Band Certification by the Singapore Customs which is valid from 09 January 2015 to 08 January 2017. Companies that received this certification are recognized as trusted partner of the Singapore Customs and in return, CWT Globelink will make sure that there shall be an enhanced security of the global supply chain through its own premises and during transport.

By receiving STP, CWT Globelink will then be enjoying benefits such as less cargo inspection, recognition as a low risk company thus enhancing branding and reduced inspection or expedited clearance should the overseas countries recognize the certification through Mutual Recognition Arrangement like United States C-TPAT and New Zealand Customs Service.

CWT Globelink CFS operates 24/7 and currently we have forty (40) inhouse cameras installed in the Keppel Distri Park Warehouse with staffs and operators that are well trained and educated on the element required for the STP program. Also , CWT Globelink as a warehouse operator and transporter - makes sure that cargoes brought in for consolidation , for export and for import are safe and free of tampering once it arrives at the CFS . With our Track and Trace System, the traceability and visibility of the cargoes can be easily found as we have mobile application and online system that can support this. CWT GL also takes responsibility that cargoes will be sent to the destinations in good condition and free from pilferages.

Under the STP Guidelines and Criteria, companies are required to (a) Have security management systems (b) Conduct risk assessment of their business operations; and (c) Implement the stipulated security measures under the STP Guidelines and Criteria to secure the supply chains.
